The nine multi-use batting tunnels each have a pitchers mound and an adjustable pitching machine for use. The tunnels are rented out by the half hour and full hour to the public or used weekly by the members of the facility. Reservations are taken and recommended for tunnel use. The tunnels are each 70' long and 15' wide which allows for greater mobility and ball travel than the standard batting tunnel. The multi-use tunnels are fully turfed, and are separated by sliding nets that can be pulled back to make an open field area for clinics and fielding instruction.
